

## **What is the K/T AAA and how can it help me?**

Pronounced “K T Triple-A,” the Kings/Tulare Area Agency on Aging was created in 1965 to be the leading local authority and advocate for the issues and concerns facing adults as they age. Intended to serve the most economically and socially needy, K/T AAA coordinates a wide range of community-based services to address the variety of needs that develop with age, whether it be Medicare counseling or home-delivered meals, writing a will or finding a caregiver, finding employment or fighting off depression. Through its comprehensive database of community resources, the K/T AAA is able to connect the aging population to a vast array of programs and services, tailored to their specific needs.

Literally a “one-stop shop” for satisfying the needs of seniors, the K/T AAA also focuses on their families and loved ones, including connecting families with adult day care agencies, providing occasional respite from the caregiving task, and helping to arrange a power of attorney for a frail parent. Information on these and numerous other issues is always available, either from the K/T AAA website ([www.ktaaa.org](http://www.ktaaa.org)) or via the toll-free line: 1-800-321-2462.

*Why volunteer? Numerous studies have consistently shown a significant relationship between volunteering and good health; when you volunteer you not only help others, research shows you will experience better health in later years, whether in terms of a longer life, better functioning, or lower rates of depression.*

## **Senior Resource Directory**

---

This directory is designed to assist seniors, as well as their families, friends, and those who provide services to seniors in Tulare County. Although this directory is not a comprehensive listing of all resources, it is our hope that it will be a useful, convenient tool for finding out about and getting connected to many of the services available to older adults in our community.

The information in this directory was current in January 2015 and may not be current after its initial printing. All telephone numbers are area code 559 unless otherwise noted. To report updates to the listings, please contact:
